# WELCOME TO INDONESIA

To all of you dear friends of Wushu Family,

On behalf of The Indonesian Wushu Association and The Official Organizer of the 8th World Junior Wushu Championships, with particular pride and a great sense of responsibility, I extend my warm invitation to you for participation in the 8th World Junior Wushu Championships 2022.

We are experiencing the worst crisis in sport of the last century, for this reason I believe that the organization of such a prestigious event is a strong and clear sign of recovery, of normality. A signal strongly desired by IWUF President Mr. Zhongwen Gou and the IWUF's Board to which my heartfelt thanks go. A thank you that gives meaning to the great work perpetuated with firm will without ever ceasing to believe in it, despite endless difficulties encountered. The enormous efforts made are and will be at the service of

IWUF and Sport for the safeguarding of our sporting heritage. We owe it to our Athletes, to the Coaches, to the Officials, to the Commissions all who constantly give us an incredible demonstration of «adaptability». Once again, Sport shows us all its unstoppable power and reminds us of the continuous affirmation of its values. The World Junior Wushu Championship produces an extraordinary amount of continuous emotions, it is a fantastic educational and cultural model of social cohesion between people, beyond all limits of human weaknesses and beyond any useless barrier. The great value of this extraordinary event will give the participants, who will compete in a spirit of Fair Play, not only the opportunity to confront each other by learning to challenge each other in compliance with the rules, but also the opportunity to socialize, meet old friends and make new friends. A great opportunity also for all of us, Managers, Technicians, Officials, so that we can transmit examples of fairness, loyalty, friendship in the spirit of Wushu for All!

The decades-long experience of the Organizing Committee, the solidity of the Federation, the support of the Ministry of Youth & Sport of the Republic of Indonesia, NOC Indonesia, National Sport Committee of Indonesia, the Government Authorities, the city of Tangerang and the Banten Province, represent elements of great security for the perfect success of the world event. A great opportunity also to spend time together and visit the splendid setting of Tangerang with its cultural and artistic places. In short, a perfect mix of Sport, Art and Culture of our beloved country.

The 8th World Junior Wushu Championships 2022 is a source of pride for IWUF and for the Indonesian Wushu Association. An event of the highest sporting, cultural, social and relational level.

Anyone who takes part will return home enriched by such a wonderful experience.

I wish good luck and success to all participants of this Championships and welcome you all in Tangerang – Indonesia.

## VISIT IN TANGERANG

**Tangerang is a city in the province of Banten, Indonesia.** Located on the western border of Jakarta, it is the third largest urban centre in the Greater Jakarta metropolitan area after Jakarta and Bekasi; the sixth largest city proper in the nation; and the largest city in Banten province. It has an area of 164.55 square kilometres (63.53 square miles) and an official 2010 Census population of 1,798,601, which had risen to 1,895,486 at the 2020 Census – making it the eighth most populated suburb in the world at the latter date; the official estimate as at mid 2021 was 1,911,914. It has not only functioned as a dormitory city, as there are many industrial areas such as Jatake, and several business districts, including CBD Alam Sutera in the area. Located just next to Jakarta on the west with many road access and improved infrastructure, such as new toll road, it is one of the favorite location for property seekers and investors in the Bodetabek area.

Tangerang, along with the neighbouring South Tangerang, is where many large-scale developers have created built-up areas such as BSD City, Gading Serpong, Alam Sutera, and Lippo Village, and now becoming the area's center of economy, business, commerce, and education.

Tangerang is also home for Soekarno–Hatta International Airport which serves the Jakarta metropolitan area and is Indonesia's main gateway. Tangerang is an industrial and manufacturing hub on Java and is home to over 1,000 factories. Many international corporations have plants in the city. Tangerang tends to be hot and humid, with little in the way of trees or geographical features. Certain areas consist of swamps, including the areas near the Soekarno–Hatta International Airport. It's also home to Indonesia Convention Exhibition (ICE) BSD City, Indonesia's largest convention and exhibition center located in BSD City.

In recent years the urban expansion of Jakarta has covered Tangerang. As the result, many of its residents commute to Jakarta for work or vice versa. Many high-class and middle-class satellite cities have been developed in Tangerang, complete with their own shopping malls, private schools and convenience centers. The government is working on expanding the highway system to accommodate more traffic flow to and from the area.

Demographic. Tangerang has a significant community of Chinese Indonesians, many of whom are of Cina Benteng extraction. They are part of the country's Peranakan Chinese community, but with deep, centuries-old roots in the historic Tangerang area, also called «Benteng» locally.

Most of the old settlements in Tangerang have colonial, Chinese districts, such as at Sewan, Pasar Lama, Pasar Baru, Benteng Makasar, Kapling and Karawaci Lama (the precursor to Lippo Karawaci). One can find any food and all things Chinese there. In addition, a large proportion of Benteng Chinese have traditionally been rural dwellers, engaged in agricultural activities, such as farming and livestock production.

Due to the growth of satellite towns in the greater Jakarta region, which includes Tangerang, the area is now home to many new migrants from all parts of Indonesia. Some notable planned town and housing complex in the city are Alam Sutera (the CBD area, while most of its area located in Serpong, South Tangerang city, Lippo Village (North), Banjar Wijaya, and Modernland (Kota Modern).
